

ATR II GPRA Training

Training on administration of the GPRA II tool (Government Performance and Results Act) required for the Access to Recovery II grant will be held **the first Thursday of each month, 1:00 p.m. to 4:00 p.m., beginning on March 6th 2008.**

Participation in training that is provided by qualified GPRA trainers is mandatory for staff who conduct ATR II GPRA client interviews in Primary Recovery Plus and Enhanced Primary Recovery Plus programs and the Recovery Support Access Sites. This is a repeat of the regional and Web-based training that was provided prior to implementation of ATR II. **Staff who participated in the initial ATR II GPRA training provided by Tom Kimbro, Rhonda Turner or Mark Shields do not need to attend additional training.** This ongoing training series is intended for new staff and staff who have not yet participated in the official ATR II GPRA training.

There are two options for participation:

1. Attend the training on-site at DMH Central Office, Jefferson City, in the Office of Information Technology training lab.
2. Participate from your location via Web-based conference call.

Registration is required to participate in either of the above options.

To register, send an email to Mark Shields at: mark.shields@dmh.mo.gov. Please include the following information when you register:
